

**"Easy Riders" set off on the Harley Tour of Cyprus 2006**  
Continued ...

Through Farmagusta, Larnaca, the impressive coastline from Zygi to Petra Tou Rominou and eventually to Paphos.

Along this journey we encountered some of the nicest, hospitable people, some of the best biking roads available and without question some of the most diverse and breathtaking scenery imaginable.

It is a journey for all motorcycle enthusiasts but there is without a doubt something that makes a Harley Davidson stand out from the rest. Long lines of schoolchildren by the roadside holding outstretched hands to give each biker 'FIVE' as we ride past. Old ladies dressed in black, smiling, thinking of their younger days. Even the sour faced Turkish soldiers in the North manage a grin, wishing they were clad in leather with the freedom of the open road.

The riders sit there with the belief that they are the stars of this moving theatre.

But it is the Harley Davidson bike that draws envious stares from all that see her. Wherever the bikes are parked, crowds mill around not daring to touch but drinking in the noise they make, hypnotised by the sparkle of the chrome and the smell of the leather.

We are all 28 year old in the saddle of a Harley Davidson, believe me, I ride one every day.

**Oneira (Dreams) Exhibition in Forza 9 Gallery, Polis**

"ONEIRA" is the debut exhibition of Cypriot artist Chindos from Tera village which takes place at FORZA 9 gallery in Polis Chrysochous in July. The exhibition will be opened festively on the 1<sup>st</sup> of July at 19:00 hours. The Vasilikos Winery has been found willing to sponsor the opening by donating a few cases of their excellent wines.

The exhibition shows two aspects of the multi-talented artist. The walls show his intriguing black and white pen drawings combined with his wooden sculptures on the floor. These sculptures show Chindos' dedication to beautiful shapes and his craftsmanship.
